“ It's been five years today since you left us. We have all had our ups and downs but this year has really been hard on me. I wish you were here to talk to. We all miss you and think about you all the time. Jayden could have really used you the past few months. He is a lot like you. He loves old things. He really loves old vehicles and old tractors and loves talking about them. I wish you were here to talk to him about them. I try to teach all of my kids everything you taught me. You were a big influence on everybody and we all still have a little bit of you in every one of us. We will all think about you and miss you till we see you again in heaven. I know you are still looking down and watching after all of us. I love you Daddy and miss you.
