“ *My name is Dean Havel and I live in Dallas, Texas and work at the corporate offices of Tenet Healthcare. Cindy was the Controller at one of my facilities that I work on. She was the sweetest, kindest person and am so glad and lucky to call her a friend. She was so patient with me when I first started at Tenet and our working relationship grew into a friendship. I will miss talking to her and our little joking around.*

*My prayers are with Cindy and her family and friends.
She had one of the best hearts!
May God Bless her!*

“ *It was a real pleasure getting to know Cindy. We might not be able to meet each other personally but it was great getting to know her when we talk to each other virtually. She is very sweet, kind and understanding. I'm glad I am able to work with for almost 2 years and I'm very thankful for all the help that she has given me. She'll definitely be missed.*

“ My trip to AL for work wouldn't be as great if it weren't to Cindy. Though it was our first time to talk and meet at the same time, she has welcomed me warmly. For almost 2 years of working with her, she has always been sweet, kind and grounded by her faith. Her dedication to work and love for her daughters has been so inspiring. Princeton family wouldn't be the same without her, she'll definitely be missed.

“ Met Cindy when she was a teenage member of my church at Saragossa. Her, Kendra, and Jess were all three there. Lost touch off and on but kept up with her through the years. She and her smile will be missed. Praying for the family.
