“ I met you in 2010 at your cousin's house but we had few run ins before that. And even at that time I was so drawn to. But our time wasn't then. Our run together in life was a ride or die till the end. Your my heart and soul you said you would never leave me even now I can feel your arms around me. This cry comes in waves now but inside the cry is constant. I don't know how I go on without you since I lived and breathed you until u took your last breath. I miss I so and I'll love you until the end of time.
