That's why you ran off on drugs and y'all got divorced right? That's got to be why you haven't been around in 10 yrs because of ALL the love right???? You were/are just as crappy a mother as you were a wife/stepmom the best part about you was you not being in our lives anymore you were literally the worst days of my life

You been out of his life gone last ten years but even before that when you were in jail or off doing what you still are doing now. You did all you could to ruin him financially and every way you possibly could. He regretted you ever being in his home and life. Best thing ever happened was when you left ten years ago, he used to say it wasn't soon enough. David was loved by me and his family and true friends.
