“ You are in a better place, I have heard a thousand times
And at least a thousand times I have rejoiced for you
Help me Lord cause I don't understand your ways
The reason I may never know
But even if I did the hurt would be the same
Cuz I'm still here so far away from home
In Christ there are no good byes
And in Christ there is no end
So I will hold on to Jesus with all that I have
To see you again
Until that day you will be so missed! Kiss Bob for me!
Love you
