“ *When Doris and I were married to brothers and our children were young, we spent happy times visiting the husbands' mother and nieces in North Carolina. We had adventures. Once we chased the hubs down in a golf cart and followed them around the course while they played. We had not been invited. Another time we tried to chase them down on a lake where they were fishing. We were not invited. Unfortunately, our boat broke down and we were stranded in the middle of the lake. This was before we had cell phones. We laughed at ourselves and waited (although not patiently) until a stranger came by and began towing us in. Before we got to shore the hubs came by in their boat. They did not think it was as funny as we did as they took over the towing. There were more such adventures.*

We have not stayed in touch over the years, except through Tina, but I will always carry the memories of and with Doris in my heart. I love you Tina. I pray you allow God's grace and peace to cover you.
