“ *Having known you for seventy years has been such a joy. Thank you for the laughter and craziness you brought into my home and that of my parents. It has been and will always be an honor to call you "friend" although you feel more like family. I will greatly miss your calls every day, your many e-mails, and the sound of you playing your harmonica on my voice mail!  
May your memory be a blessing to all who knew you and a comfort to the bereaved.  
Rest In Peace George (Peaches)!*
