“ Uncle David, I have so many memories if you in mine and Tina's childhood, I dont have the space to put it all. But I know when you stepped out of your earthly body , and into your heavenly body, The Angel's stood at attention and saluted you! I'm sure you heard Jesus voice saying " well done my good and faithful servant. " I cant think of anyone on this planet that knew you , knew you were a Godly man. Because you were a big part of our lives and touched so many lives, you were special to us. I'm so glad that you were in our family. You meant a lot to me, I'll see you again. I love you Uncle David , we will see you one day!
