“ *Sadly, I am late finding out about the loss of an old friend. I was originally a good friend of Robert's. We joined the Navy together back in '83. However, I always liked John. He was an extremely cool dude - the nicest person you would ever want to meet. I will miss him always.*

“ *I've lost so many dear friends, friends I considered family and family over last few years. Unfortunately I didn't get the news of John soon enough to pay respects & give condolences. But if anyone could make me laugh, it was my pal (big teddy bear) John. He is truly missed. Until we meet again my friend*

“ I grew up with John we were friends from the time we were three years old. I always considered him a brother. Our birthdays were 16 days apart and we bonded over that in the beginning. He loved music and playing his Bass guitar and playing live. A friendship like the one I had with John is a precious treasure and one I hold dear. Some people come into our lives for a day a season or a lifetime. I was blessed that John was a lifetime friendship. I will truly miss him.
