“ *The best memories of my Aunt Judy, was just her total kindness, how she always called me baby, and made fun of how short she was!! How when things were really tough she always tried to find the silver lining. I remember as a child, Geena and I would love to play dress up and she would just let us have the whole upstairs of Pops house to play in ..we were in heaven! I love how she always took such good care of Pop and how her family was the most important thing in her life. She will be greatly missed.. I hope the reunion in heaven is wonderful and I will see you again someday!! I can just imagine you running around kicking up gold dust in your new wonderfully made body!!##imported-begin##Renea Shouppe##imported-end##*
