“ *To my brother, my friend who was always there for me, from our childhood, teenage years, and adult life. I could always depend on you to be there. I will cherish our talks that we shared. You were always a busy man, but still you found time to help me when I needed you the most. I am so thankful for the times we spent together and to have you has a brother is one of the best gift I could have received here on earth. your love is true. our bond will be forever. I will miss looking into your eyes and seeing the love you had for life. The love you showed towards everyone you knew, you always had a positive look on life, and I will continue to honor you as the man I know, Love you and miss you so much.*

“ *I had another Mark and Amy in my phone and was calling to see how Amy was doing with her cancer treatments. When I called I would say hello to Mark and ask how Amy was doing by recording a message. Tuesday or Wednesday I finally got someone to answer the phone but I was pleasantly surprised to hear Mark Fowler's voice since I had not talked to him since he became ill. We had a great visit on the phone and Mark thanked me for asking about Amy but ask why always ask about her when he was the one that was having problems. We got a good laugh when I realized I had been calling the wrong Mark and Amy ! Mark was so good to me when my company needed him at the USS Blast Furnace and He became a great friend! I will miss him very much!!*
