I'm missing you so much mom,I'm gratefull to have had such a wonderful mother...I know you've flew up to heaven by the wings of the angels and you are walking with Jesus forever on...I know you are looking down over dad and all of your children. Please don't worry about the loved ones you've left because we will be fine ,we will have to go on in our life without you but know you will always be in my Heart.I love you so much & I'm at peace knowing you are in no more pain, that you are my angel who will watch over me along with your other 3 children and your husband...I know my time will come ,when nobody know's but one thing I know is you will be my angel that extends her wing to take me when its my time. I look forward to that day and to be with you again....thank you mom for all your love,all the talk's we have had together over my life and coming here to Alabama to start my life fresh has been wonderful but the most wonderful part of it all was being close to you for the last 18 year's .you & Dad have been a huge part of my life change of being settled down.you've been a great mother in law to my wife Wanda and a wonderful great grandmother to my grandsons maison,Ethan and my granddaughter Kristen...they all loved you deeply ,things will never be the same without you here ...when I close my eye's to sleep at night from this day forward I will tell you goodnight ,& that I love & miss you .until its mytime I will await you to extend your angel wing and I will be ready to join you.I now have something to look forward to at the end of my life and that is being with my mom again....you are gone but you will never be forgotten.....Rest in Peace mom.....I love you/Your Son Harold !!!
