“ Well, the 'Entertainer' has moved on to the "BIG SHOW". You were a big hit in your last endeavor. Hiring you was never a gamble. You knew how to discuss mill layouts and various set-up's. You could quickly get to the root causes of mill failures, make corrections and get the show back on track. Mill production was your specialty because you could define the process, fix the problems and restore the "show". No wonder we named you the Entertainer; your performances deserved top billing! Thanks for sharing your talents. All of us enjoyed the success you brought to our organization.
