“ I want to send my sincere condolences to Sam's family. I will share a short story of how we met and became friends. I was in the 5th or 6th grade and Sam was in the 7th or 8th. This speaks to the kind of person I always knew him to be. I was chasing one of his neighbors that was in my class. Sam intervened thinking I was bullying his neighbor. When he discovered I was trying to catch the person that had just hit me in the back and ran, he calmed down. This hit and run was a frequent tactic of his neighbor, We began to talk frequently at school and became good friends and found we had two things in common. Girls and skating. It wasn't long before we began walking together with our girlfriends to the skating rink every Friday or Saturday. Although we were too young to drive, it was only about a mile each way. The double dating continued after Sam got his license and the family had moved to Irondale. Our last double date. just before he graduated high school, we walked around the lake at East Lake Park with our dates. Sam and his date walked behind so we would not see what they were doing. They were so close together they must have been wispering or something. We then went to his house where he tried to teach us to Jitterbug. I didn't learn it that night, but I will always be grateful for the new interest he gave me.

Jay, Mary, and family,
Judy and I will keep you all in our prayers as you grieve the loss of a good, good man.
