“ Not every family is as lucky as ours. There were 9 of us that grew up like sisters and brothers even though 3 of us were aunts and there were 5 nieces and 1 nephew but we were all 1 year apart and very close growing up. Sandy was always the sweet one. We didn't know that her mom was our sister not our mom because that is just the way it was.

So glad God made our family the way it was because we enjoyed each other and thought that was the way life was. Sorry we all got older and didn't get to visit the way we had but we had fun while we were young.
