“ Mom Always Loved with her entire Heart, she wasn't afraid of hard work, & never backed down from standing for what she Believed in.... I'll never forget her opening her heart & home to me, when we moved down there with Kaytlin as a baby, She Always encouraged me & told me I was Stronger than I knew & I didn't always believe it then, but Oh if Mom Could See Me now she would finally see that I learned to realize, that she was right I was stronger because I had the strength of God within me all along... Thanks Mom, I'll Love You Forever & Always... Go rest with the Angels
