“ Crash was a good friend of mine and I am sorry we lost contact after I had to retire from Jim Walter Mines #7, where we both worked. He had a great sense of humor and laughed at jokes played on him by his fellow miners. He and I worked together with many other coal miners when we all moved the longwall to get it set up again at another pillar of coal. He got the nickname Crash by those who knew him very well.

My condolences go to Miss Barbara and his family. Rest now for awhile, Ol' Pal and we will see you again real soon. Miss Barbara, Crash invited me to see his farm, but I never got around to it; now I wish I had. We spend more time with our fellow miners than we do with our families and a close friendship bonds is together in a very dangerous environment. I have lost so many friends now as we all get older, I would love to be able to see them before it is too late. God Bless You, Miss Barbara and your whole family.

*Rodger thank you so much for your kind words as we miss him so dearly..We were married for 48 years but I know he is in heaven and I would not bring him back to this ole world for nothing..The farm that Ted talked about must have been the 8 acres we use to have years ago in Maylene but it really wasn't a farm...I am glad we sold it and moved to a nice home in Alabaster but then after the first amputation we down sized to a garden home in Calera as the one in Alabaster had stairs and it was hard on him to get down to the garage...Then a few years after we downsized to the home in Calera, he lost his other leg..Ted loved everyone he worked with and always talked about what was going on..I went to see our primary care doctor this morning as I am having trouble sleeping and he loved Ted to death..I even wrote a poem for Ted that was in the funeral notes that you get when you sign the book and my doctor said he hopes someone would do that for him..It was written from my heart..We also played 3 songs that Ted had written and had sang them on a cassette player at the funeral..That is what he wanted so I knew everything that he wanted and he got it at the funeral..McCalla funeral home is the greatest funeral home as they are so caring..I am so glad I didn't have to use the one in Bessemer..Ted was bedridden for 4 years and went on hopice in August..He was a wonderful husband, father and grandfather...Thanks again for you wonderful post and please try to see your buddies as so many of the older ones are passing on...Barbara*
