“ I just heard the news and am very sad and sorry to hear of Terry's passing. We worked for 6 years together at US Pipe and Foundry and shared many, many memories, political debates, lunches, and stories. He stayed on top of current events and had an excellent command of all the facts and issues. The work at US Pipe could be hard but working with Terry made the work so much easier and fun! One of his sayings, that I use frequently even today is: "The laziest man will find the most efficient way". Hilarious!! Terry will be missed. No doubt.

“ He loved to look at the powerhouse in Reliance Tennessee. Walk across that suspended bridge and just admire nature. He made being lost an adventure. No GPS no problem. Let's see where this road takes us! I'll miss you BROTHER!
